Introduction

- ▶ Gooduck Club is a decentralized WEB3.0 platform integrating NFT lottery, crowdfunding, auction, OTC Swap and Marketplace Aggregator.
- ▶ The Gooduck Club is an innovative project running on Ethereum, which will be deployed on L2 and Solana chains in the future, developed and operated by the WEB3.0 decentralized team DucksDAO.

Utilities

4

Crowdfunding Club

Crowdfunding to buy NFTs

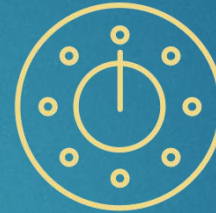

Stake

Stake to earn \$DUCK and WETH

OTC Swap

Safely conduct any OTC block trade for NFTs

Lottery Club

Own NFTs by buying lottery points

Auction

Interested buyers can submit bids for NFTs

Aggregator

Buy multiple NFTs from multiple marketplaces

Mission and Value

- ▶ The value of Gooduck Club is to enrich the utilities and liquidity of NFTs.
- ▶ By incentivizing users through issuing DUCK NFTs and \$DUCK tokens, all users are the builders of Gooduck brand value.

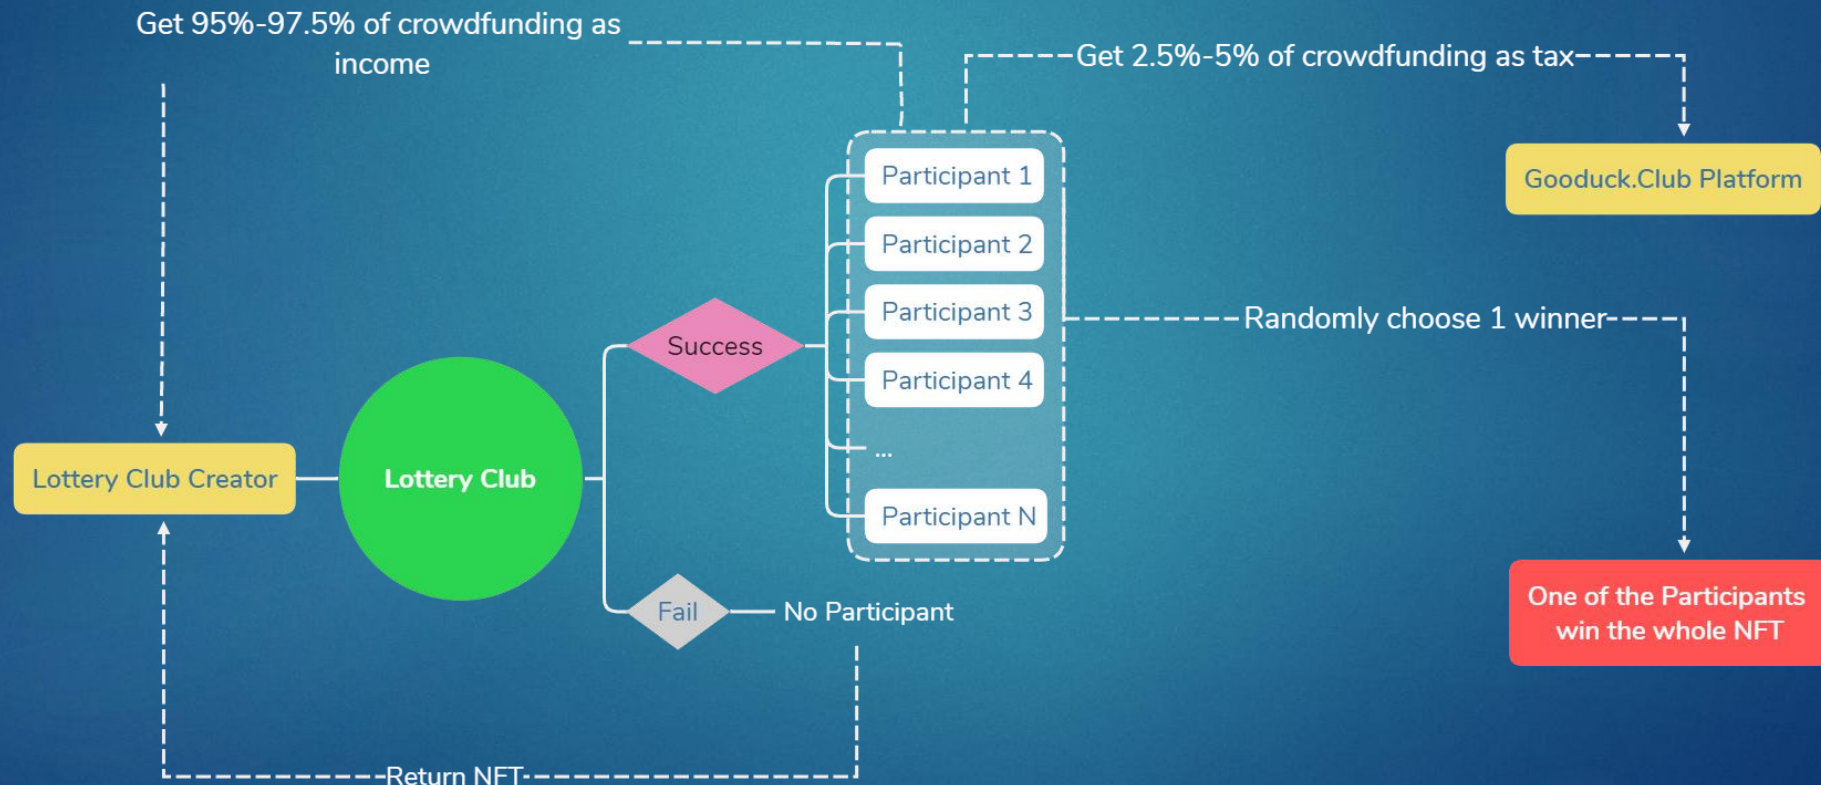

NFT Crowdfunding

- ▶ NFT crowdfunding will be the first feature of Goodluck Club.
The purpose of crowdfunding is to help NFT buyers crowdfund to win in Top NFT projects at low costs.
- ▶ There are two crowdfunding modes : Lottery Club & Crowdfunding Club.

Lottery Club

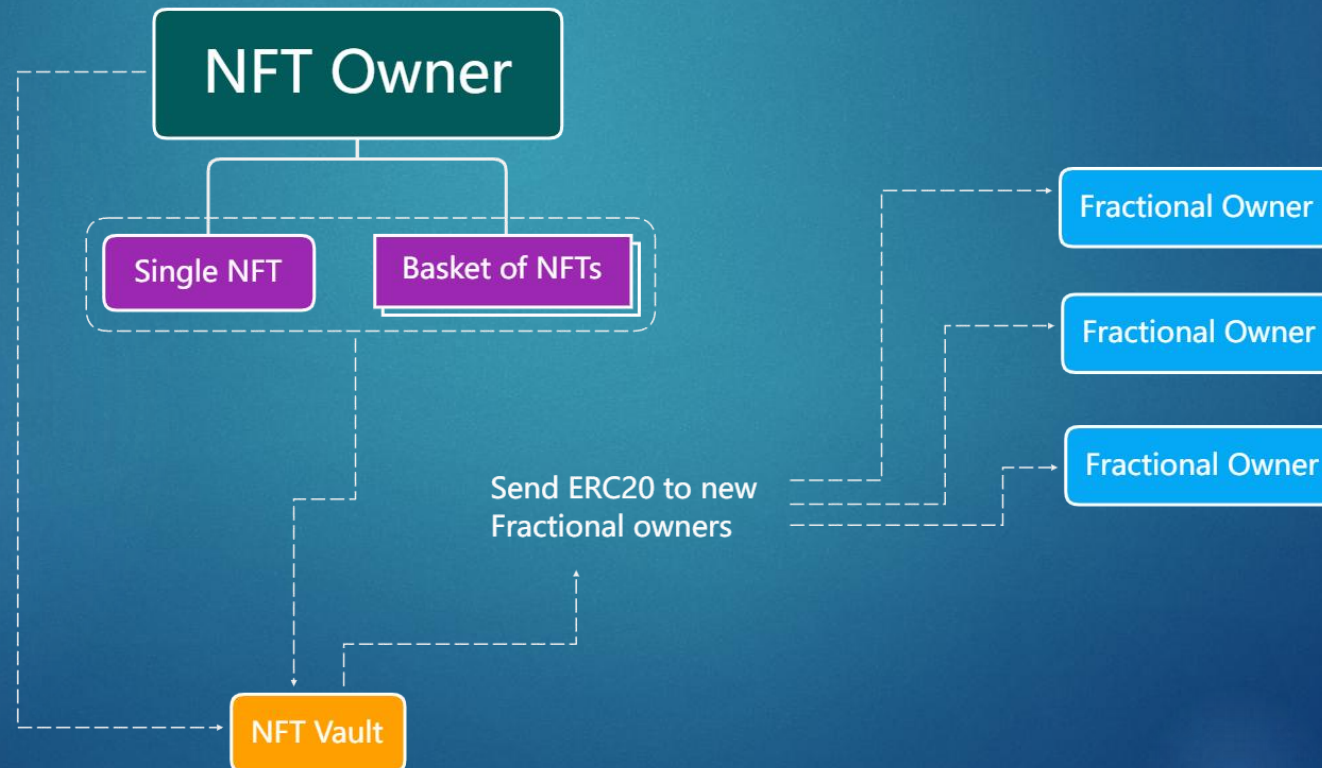

7

- The winner will be randomly chosen and own the whole NFT by buying lottery points.

Crowdfunding Club

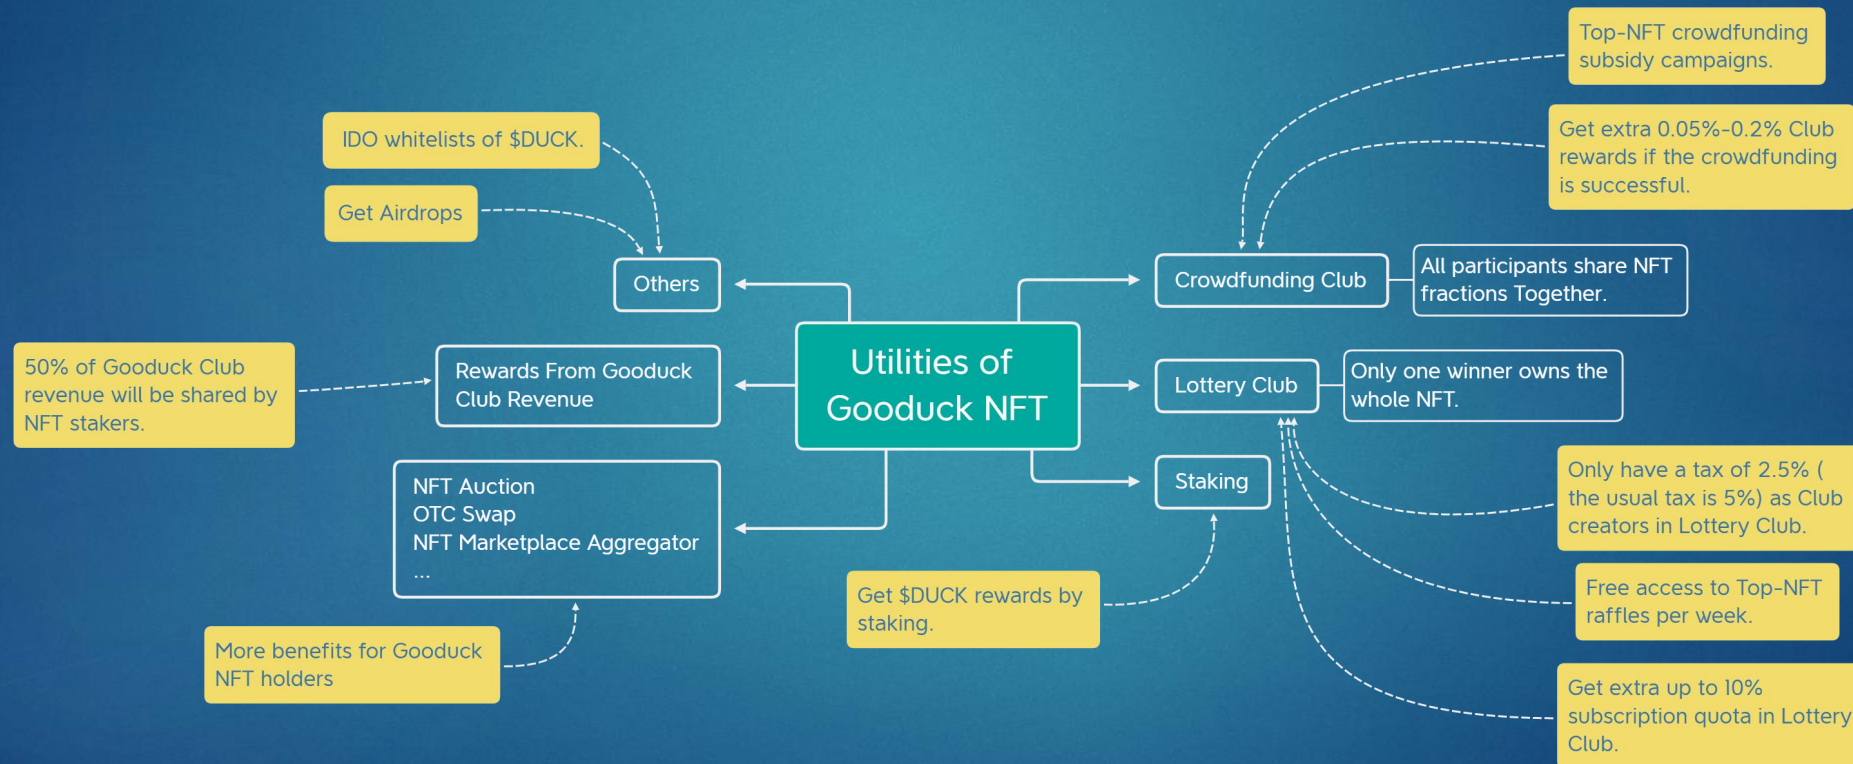

- Users participate in any Club crowdfunding to buy NFTs can share the benefits together.

Gooduck NFT

9

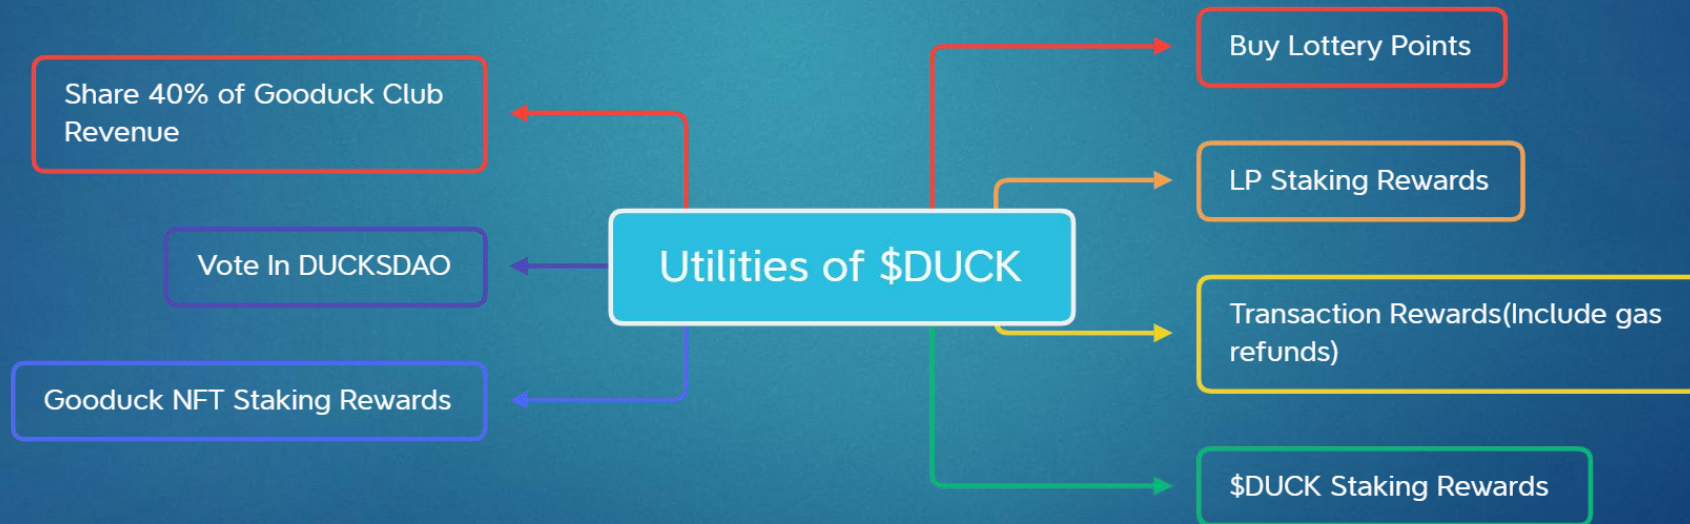

- An NFT collection of Gooduck Club with multi-benefits:

\$DUCK Token

10

- \$DUCK is the governance token of the Gooduck Club.

Tokenomics

11

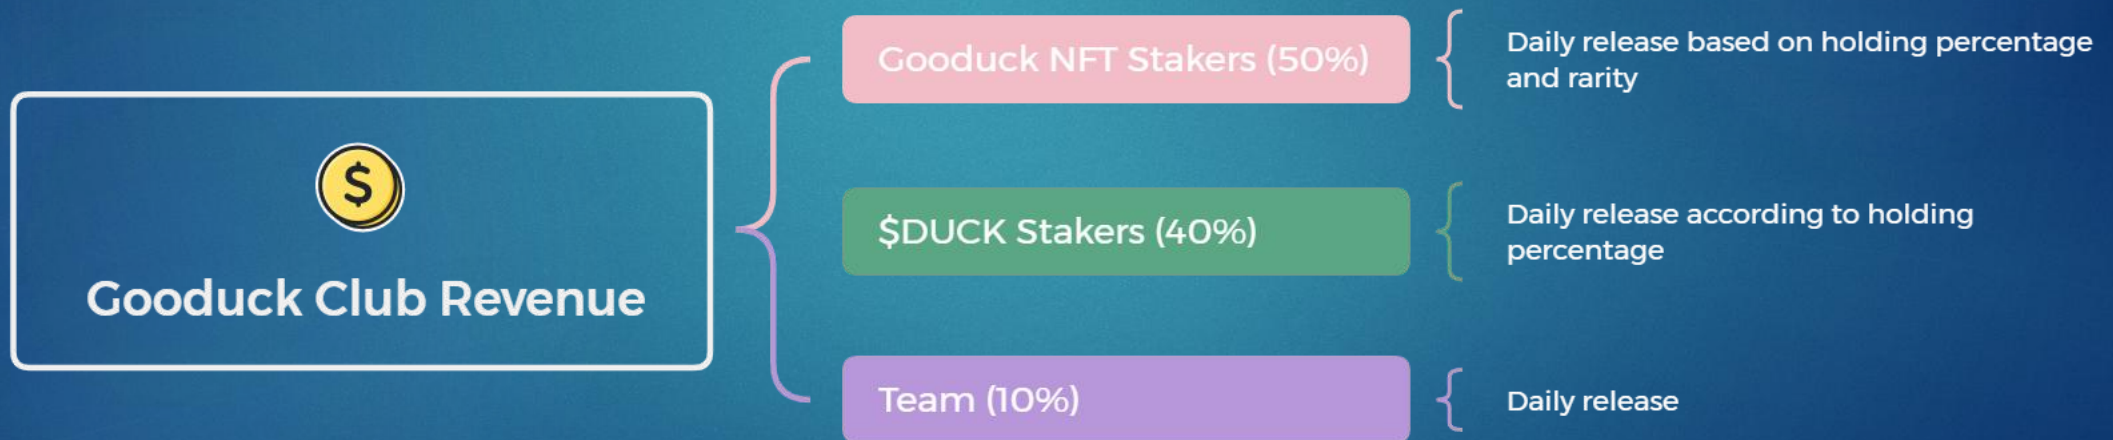

- ▶ Total supply of \$Duck : 1,000,000,000

TYPE	%	\$DUCK	Release Schedule
Angel	3%	30,000,000	TGE10%,then unlock 1% per day
Seed	7%	70,000,000	TGE15%,then unlock 1% per day
Presale	10%	100,000,000	TGE20%,then unlock 1% per day
NFT Staking	5%	50,000,000	
\$DUCK Staking	10%	100,000,000	720 days linearly release
Reward	35%	350,000,000	Dynamic release according to transaction activity
Team	10%	100,000,000	Release 2.5% every 180 days
Treasury	10%	100,000,000	Release 1.25% every 90 days

DEX Liquidity	5%	50,000,000	Locked for 720 days

Rewards

12

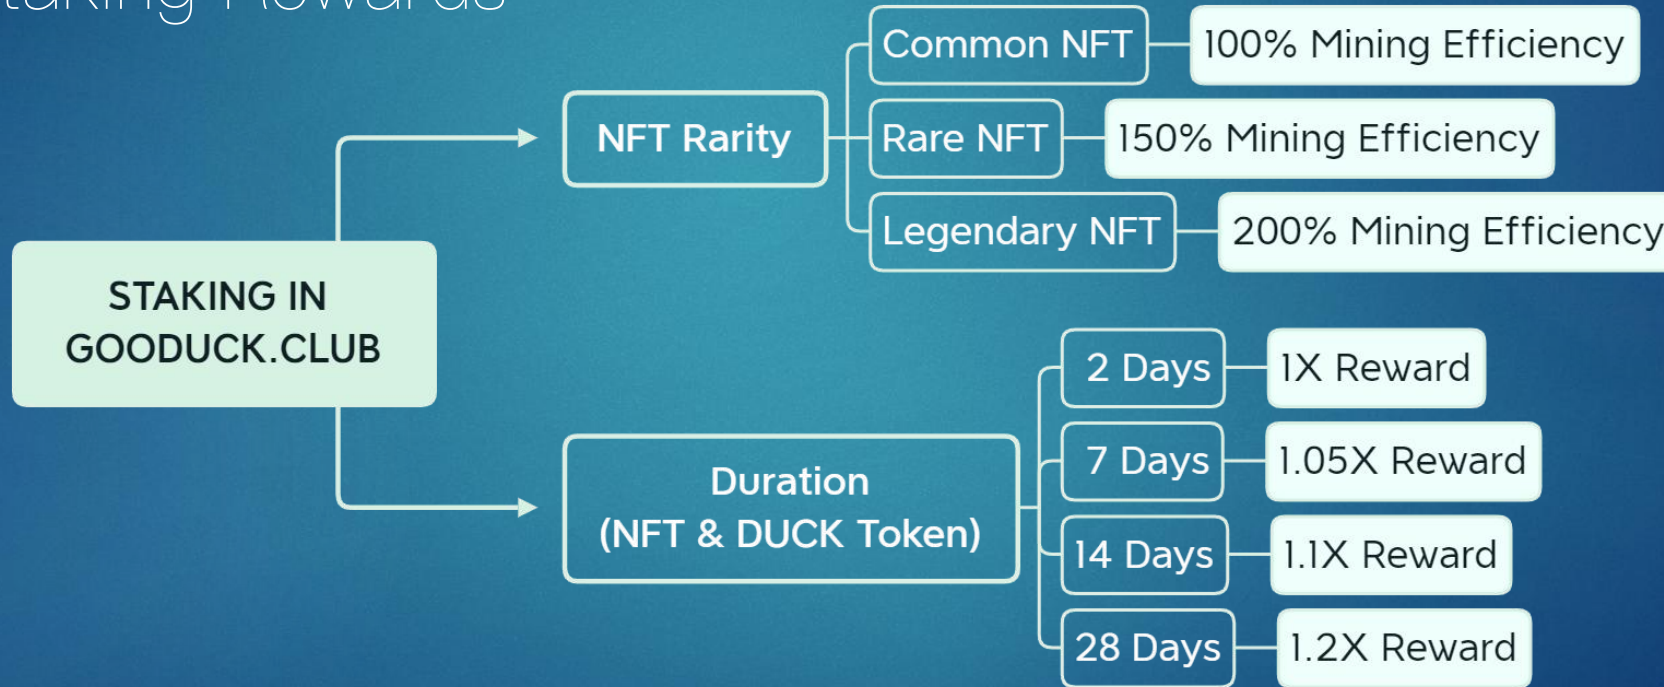

► 1. Gooduck Club Revenue Rewards

Rewards

13

► 2. Staking Rewards

Rewards

14

► 3.Transaction Rewards

Gas Rebates : All users who participate in the crowdfunding will have their gas fees refunded with \$DUCK tokens.

35% of \$DUCK will be rewarded to the users in the way of dynamic release to subsidize the gas fee incurred in the transaction process and other rewards for other events.

Rewards

15

► 4.LP Staking Rewards

1% of \$DUCK is used for LP staking rewards.

Marketing

16

- ▶ Free blue-chip NFT raffles
- ▶ Whitelist competitions
- ▶ Collab giveaways
- ▶ Diss competitions
- ▶ Twitter raids
- ▶ AMA

Advantages

- ▶ 1. Hold to earn

Gooduck NFT and \$Duck stakers can share 90% revenue of the Gooduck Club, stake to earn \$Duck, and enjoy free blue-chip raffles and so on.

- ▶ 2. Excellent economic model

Dividends for \$DUCK stakers + staking rewards + subsidy for transaction fees + incentives for NFT stakers.

Advantages

▶ 3. Blue Ocean Track

There are few competing products of NFT raffles & crowdfunding and the market is huge. On this basis, we are expanding other NFT businesses.

▶ 4. Professional Dev team

Who have participated in the R&D and promotion of multiple Gamefi and Web3 projects. The Dev team have been working in this line for many years, with high efficiency and strong collaboration abilities.

Similar Rival Products

19

- ▶ 1. FFF – NFT raffle platform (whose monthly revenue exceeds millions of dollars, and daily active users keep increasing);
- ▶ 2. Partybid – NFT fractional crowdfunding platform (which just received an Angel investment of over US\$16,400,000 from Web3 investment institution A16Z);
- ▶ 3. Gem – the NFT marketplace aggregator (which is recently acquired by the world's largest NFT trading platform with a valuation of over billions of dollars)

Road Map

20

January-June,2022:

- The idea of Gooduck is born
- Market investigation
- Team building
- The basic functions developed

July-August,2022:

- Official website construction
- Gooduck community building
- Connect VCs and strategic partners
- Participating Hackathon Programs

September 2022

- Gooduck NFT Minting
- Free blue-chip raffles for GooduckNFT holders
- Lottery Club function launched
- \$DUCK staking system

October 2022

- Support multi-chain payment in lottery club
- IDO of \$DUCK
- Add liquidity of \$DUCK
- \$DUCK rewards system
- DEMO of Crowdfunding Club function launched

November 2022

- Blue-chip NFT crowdfunding subsidy campaign
- List \$DUCK on CEX

December 2022

- OTC swap launched
- More marketing

2023

- Cross chain to L2
- Cross chain to SOLANA
- Auction function launched
- NFT Marketplace Aggregator beta launch
- Support more crowdfunding, such as music NFT etc.

Vision

21

- ▶ The goal of Gooduck Club is to create an excellent decentralized crowdfunding platform in the WEB3.0 era. Gooduck Club is the first super project created by the DucksDAO team. We feel it will make a lot of sense to build the DAO organization and lead people to participate in something that looks cool.
- ▶ We are also preparing and investigating more interesting crowdfunding projects, including crowdfunding for filming, purchasing digital music rights, etc.
